

RFID HARD TAG HT014

MARKETS:

Industry

Logistics

COLOUR:

White

HT014 is an RFID hard tag made of **PCB (Printed Circuit Board)**, a material resistant to corrosion and high temperatures. **Ideal for connecting electronic components**, this tag can be snap-fitted and is used to track pipes and cables. It has a ring shape, a **diameter of \varnothing 30 mm**, and is available in white. It operates in the **UHF frequency** range with the **Ucode 8 chip**, covering long reading distances that vary depending on the RFID reader, the environment, and the application.

MARKETS

This tag is suitable for **tracking cylindrical metal components and for asset management.**

European frequency (EU) 868 MHz - US frequency 920 MHz

RFID features

Chip	Memory	ISO Standard
UCODE 8	0 bytes - TID: 12 bytes - EPC: 16 bytes	EPC Class 1 Gen 2
UCODE 8 US	0 bytes - TID: 12 bytes - EPC: 16 bytes	EPC Class 1 Gen 2

Technical specifications

Application	Non-metal surfaces
Dimensions	ø 30 mm
Material	PCB
Application method	Interlocking

Customisation

Colour	White
