

RFID LABEL LB017

MARKETS:

Industry

Logistics

COLOUR:

White

The LB017 is a flexible RFID label made from adhesive paper. Rectangular in shape, it **measures 20 x 10 mm**. Ideal for any type of **non-metallic surface**, it can be customised using offset or inkjet printing for colour and black and white prints, or with thermographic printing for black and white prints only.

The LB017 is available in white and operates on **HF (High Frequency) with the FM11RF08 chip**.

MARKETS

The LB017 is suitable for **asset management and logistics projects, specifically for proximity readings**.

frequency 13,56 MHz

RFID features

Chip	Memory	ISO Standard	NFC Standard
FM11RF08	1024 bytes - UID: 4 bytes	ISO 14443 A	Not supported by majority of NFC devices

Technical specifications

Application	Non-metal surfaces
Dimensions	20 x 10 mm
Material	Paper
Weight	0.1 g
Application method	Adhesive

Customisation

Colour	White
Type of printing and numbering	Colour and b/w: offset, inkjet; thermographic printing in b/w - other types on request
