

RFID LABEL LB023

MARKETS:

Retail

COLOUR:

White

The LB023 is an adhesive RFID label made from paper. Square in shape, it **measures 40 x 40 mm with a 22.5 x 22.5 mm inlay**, and you can apply it to **non-metallic surfaces** using its adhesive backing. You can customise this label using offset or inkjet printing for colour or black and white designs, or with a thermographic printer for black and white prints.

It's white with **UHF frequency and a HIGGS 3 chip**.

MARKETS

The LB023 is ideal for **inventory management in the Retail sector**.

European frequency (EU) 868 MHz - US frequency 920 MHz
