COLOURS:

WBoo6 is a **unisex** RFID wristband, Made in Italy, made of PVC—a versatile material thanks to its **resistance to water**, wear, chemicals, and attacks from fungi and bacteria. Equipped with a **tear-resistant snap closure in hypoallergenic metal**, this bracelet ensures high comfort due to its special microwave welding and anti-sweat knurling. The dial and strap can be customized with pad printing, while serialization can be performed using laser technology. WBoo6 is available in **LF frequency with the EM4200 chip and HF frequency with the MIFARE CLASSIC 1K EV1 S50 chip**, in the following colours:

red, orange, yellow, green, light blue, blue, purple (strap), and black (dial).

MARKETS

The **IP67** protection rating makes it resistant to dust and water, making it ideal for hot and humid environments such as gyms, swimming pools, and spas. It is also well-suited for **access control in hotels, campsites, and beach resorts, as well as for use as an electronic wallet.**

frequency 125 kHz
